

Brave Youth

Human rights?

Human dignity?

Did our ancestors have any integrity?

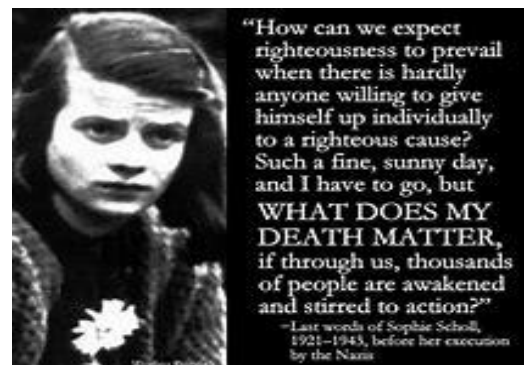

Jews as inferior,

Blue eyes, blond hair as superior.

Sophie, Hans and Christoph in our memory,
the infinite fight they fought for all,
only to be led to their downfall...

Pamphlets litter Munich University without vain,
they tried to express all Jews' pain.

To the guillotine they were led
for their freedom fight.

How does Hitler sleep at night?

Today we remember them for their resistance,
we will never ever forget their existence.

White Rose we appreciate you for all you done.

We thank you for exposing the truth,

we vow to keep you alive through our brave youth.
